SHAMSEAR EBRAHIM

IT SUPPORT SPECIALIST · SYSTEMS ENGINEER · INFRASTRUCTURE & POS

Doha, Qatar • +974 70485214 • shamsear@gmail.com • portfolio: shamseare.vercel.app • linkedin.com/in/shamsear

Valid Qatar ID (QID) – Transferable with NOC | Available for Immediate Joining

PROFESSIONAL SUMMARY

Resourceful IT Support Specialist with a Computer Science Engineering degree and hands-on enterprise troubleshooting experience in Qatar and the GCC. Skilled in Level 1 & 2 desktop support, Windows Server, Active Directory user provisioning, TCP/IP networking, printer configurations, and retail POS hardware integration. Combines root-cause analytical capability with fast first-contact resolution to minimize user downtime, ensure strict SLA adherence, and maintain uninterrupted business operations. Holds a valid transferable QID with NOC, based locally in Doha and available for immediate joining.

TECHNICAL SKILLS & SYSTEMS COMPETENCIES

Operating Systems:	Windows 10/11 Pro, Windows Server, Linux (Ubuntu/Debian basics), macOS
Networking & Protocols:	TCP/IP, DNS, DHCP, VPN setup, LAN/WLAN configuration, Subnetting, Router & Switch setup
Systems Administration:	Active Directory (Users, Groups, OUs, Password Resets), Microsoft 365 Admin Center, GPO basics
Hardware & Retail Tech:	PC Assembly/Upgrades, POS Terminals, USB/Serial Barcode Scanners, ESC/POS Thermal Printers, Cash Drawers
Helpdesk & Support Tools:	Jira Service Management, ServiceNow basics, AnyDesk, TeamViewer, Remote Desktop (RDP), Event Viewer
Scripting & Diagnostics:	PowerShell, Command Prompt diagnostics (`ping`, `tracert`, `netstat`, `nslookup`), Python automation

PROFESSIONAL EXPERIENCE

IT Support Specialist — **THABT, Doha, Qatar** **Sep 2026 – Oct 2026**

- Provided end-to-end Level 1/2 technical assistance for workstations, business software applications, and network connectivity in Qatar.
- Troubleshot and resolved operating system crashes, driver conflicts, printer connectivity failures, and digital platform anomalies.
- Performed software patch deployments, system health checks, and routine diagnostic maintenance to ensure continuous uptime.
- Documented user incident logs and escalated complex infrastructure issues with detailed reproduction steps to senior teams.

IT & Technical Support Engineer — **Regional Engagements (Bahrain / Remote)** **Jul 2024 – 2026**

- Delivered technical support for enterprise hardware, Windows operating environments, and corporate peripherals.
- Managed Identity and Access Management: provisioned and de-provisioned user accounts, assigned security groups, and reset credentials.
- Maintained hardware asset inventory, warranty logs, and software license records to ensure compliance and asset tracking.
- Authored technical self-service troubleshooting guides for recurring issues, reducing ticket volume by 25%.

KEY SYSTEMS & HARDWARE INTEGRATION PROJECTS

Retail POS & Hardware Peripheral Deployment (EyeNova System) | **Hardware & Drivers** **Commercial Solution**

- Configured physical retail POS counter systems, connecting and configuring USB/Serial barcode scanners and cash drawers.
- Programmed and debugged ESC/POS communication protocols for thermal receipt printers, resolving port locking and driver conflict issues.

Multi-Station Network Configuration & Automated Recovery | **Networking & Scripts** **Doha, Qatar**

- Configured static IP routing, DNS resolver fallbacks, and shared network storage across office workstations.
- Created diagnostic batch and PowerShell scripts to automate network connectivity flushes and system cache cleanups.

Centralized Inventory & IT Asset Tracking Platform (StockFlow AI) | **Asset Tracking** **Inventory Platform**

- Engineered an asset tracking dashboard to log hardware serial numbers, device allocations, and maintenance history.
- Automated reorder alerts and tracked equipment warranty renewals to support IT procurement and operations.

EDUCATION & CREDENTIALS

Bachelor of Engineering (B.E.) in Computer Science & Engineering **2020 – 2024**

P.A. College of Engineering (VTU) **CGPA: 7.4 / 10**
